This medical care dispute arose over care being given by defendants as a result of a work injury on or about April 1, 2004 and a left wrist condition arising from that injury, liability and responsibility for which is admitted and assumed by defendants. The entire hearing was recorded by audiotape. A detailed decision containing findings of fact and conclusions of law was dictated into the record on the date of the hearing. This decision will not be reproduced in typewritten form unless there is an appeal from this decision at which time the procedures under the administrative code are to be followed. Any rights of appeal will run from the date the decision was dictated into the record and this memorandum is solely for the purpose of the agency file.

In the decision, it was ordered that claimant's petition for alternate care be granted in part and that he receive a second opinion as to the fusion surgery proposed

by Brian Adams, M.D. from Arco Risso, M.D. of the Mayo Clinic. However, the cost services for this second opinion shall not exceed the sum of \$1,500.00. This decision was rendered on March 29, 2006.

Signed and filed this 30th day of March, 2006.
