## ORDER NUNC PRO TUNC

It has come to the undersigned's attention that the appeal decision entered December 20, 2002, made permanent partial disability compensation payable commencing October 30, 2001. The arbitration decision had awarded permanent partial disability compensation payable commencing March 8, 2001, and the date for commencing permanent partial disability compensation was not an issue raised by either of the parties on appeal. Accordingly, the change was an inadvertent scrivener's error that should be corrected.

It is therefore ordered, nunc pro tunc, that the permanent partial disability compensation awarded in the appeal decision filed December 20, 2002, is payable commencing March 8, 2001, in lieu of October 30, 2001, and the stated commencement date of October 30, 2001, is vacated and the date of March 8, 2001, is substituted in lieu thereof.

Signed and filed this 10th day of January, 2003.
