ALTERNATE MEDICAL CARE

CONSENT ORDER

On March 29, 2019, claimant filed a petition for alternate medical care. The matter is scheduled for hearing on April 11, 2019, at 1:00 p.m.

Claimant's requested relief was authorized for physical therapy, per the opinion of Matthew Bollier, M.D. Prior to the hearing date, defendants have authorized the requested medical care.

The parties report that the authorized care resolves the pending alternate medical care petition and request entry of a consent order to confirm and document the agreement.

IT IS THEREFORE ORDERED:

Defendants agree to provide the authorized care requested in claimant's alternate medical care petition.

Signed and filed this 10th day of April, 2019.
