

BEFORE THE IOWA WORKERS' COMPENSATION COMMISSIONER

KEN HASS,

Claimant,

vs.

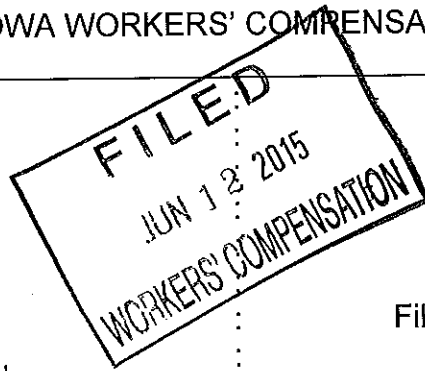

EXIDE TECHNOLOGIES,

Employer,

and

TRISTAR RISK MANAGEMENT,

Insurance Carrier,  
Defendants.

File Nos. 5048470, 5048471

ORDER

NUNC PRO TUNC

The arbitration decision, filed on June 11, 2015 contains a scrivener's error on page 9. In the ORDER section of the decision, it is correctly spelled claimant's rate is four-hundred seventy-four and 70/100 dollars. The numeric description of that figure is incorrectly shown to be (\$474.00). The numeric description, in the ORDER section on page 9 of the decision, needs to be changed to correctly show claimant's rate is (\$474.70). The scrivener's error is corrected by this order.

THEREFORE, it is ordered, the arbitration decision is modified to reflect claimant's rate is (\$474.70). The decision remains the same in all other respects.

Signed and filed this 12<sup>th</sup> day of June, 2015.
