File No. 20005300.02

ALTERNATE MEDICAL CARE

CONSENT ORDER

Claimant's Original Notice and Petition Concerning Application for Alternate Care, filed August 24, 2022, comes before this Deputy Iowa Workers' Compensation Commissioner, Amanda Rutherford on September 7, 2022. Defendants have filed an answer denying liability for claimant's back complaints. However, regarding claimant's request for ongoing medication management for his bilateral upper extremities, the parties have come to an agreement and hereby stipulate and agree to the following language as to a Consent Order in relation to claimant's medical treatment for the accepted conditions.

Defendants will authorize lidocaine injections for Mr. Desseyn's left carpal tunnel symptoms and treatment for the right carpal tunnel symptoms with a local provider per Dr. Buckwalter's recommendation on June 14, 2022. Defendants deny liability for claimant's back condition and have not agreed to authorize care for his back.

IT IS THEREFORE ORDERED:

The hearing scheduled for September 7, 2022 is cancelled.

Defendants agree to authorize lidocaine injections for Mr. Desseyn's left carpal tunnel symptoms and treatment with a local provider for his right carpal tunnel symptoms per Dr. Buckwalter's recommendation. Defendants deny liability for claimant's back condition and have not agreed to authorize care for his back.

Signed and filed this 8th day of September, 2022.
